What's included:

1 x drop disc game board
1 x white chalkboard pen
10 x dropping discs

Start by customizing the title and end points of the game with chalk or chalkboard pens. To removed, simply wipe clean with a damp cloth.

We've included a chalkboard pen. To use this, first shake it vigorously for around 10 seconds, then using a scrap piece of paper, push the nib of the pen down on to the paper multiple times to get the ink flowing through the pen nib.

Pull the wooden stand out and insert the metal hook into the metal eye, this can be done easily if you hold the game on its' side on the floor. Once the hook is engaged lift the game upright and place it into position.

To play the game, simply place a disc into the top of the game with the surface flat against the surface of the game, drop it and see where it ends up!

We love seeing where our drop disc games end up, tag us in your photos on Instagram @peleyagames! But most importantly, **HAVE FUN!!**
